And What Have You

By BOB CRAIG

The Grand Jury of the 104th District Court is to be commended for their action dealing with the lack of prosecution of misdemeanor criminal cases in Jones County. This is a problem that has been aired in print from time to time but the grand jury is the first group to take any action on the problem.

The grand jury report indicated that in over three years there had not been a single jury trial of a misdemeanor criminal case.

Basically, the grand jury has expressed the feeling of most of the people in the county when they recommended that either County Attorney A. J. Smith go to work or resign.

Smith has taken the position that his health will not permit him to do trial work and that he should be given an aide to bring these cases to trial. Smith admits that he has not prosecuted any jury trials since 1971 when doctors found an arterial blockage and advised him against strenuous courtroom work.

Following the grand jury report he reportedly has said that he is seriously considering resigning if the county does not furnish him with an assistant to handle trial work.

Since he is being paid county funds to perform the duties of the office that he was elected to, we can only wonder why he expects the county to furnish him an assistant. It appears to us that he should either perform the job he is paid to do or else hire his own help to do it.

He reportedly expressed surprise at the grand jury recommendation and said that it was no secret about the fact that his health was bad in 1972 when the people elected him without opposition to another four-year term.

Now there may have been some who knew about his health problem at the time he sought re-election but we doubt if the average voter knew about it. Most voters, we believe quite fairly, assumed that when a man runs for office he intends to carry out the duties of that position.

While we strongly oppose spending more county monies to do the job that Smith has been paid to do we suspect that that will need to be the case at least until the backlog is taken care of. But we would strongly oppose the continuation of the county furnishing an assistant until it is proven that the workload is more than one man can handle and we don't think that is the case in Jones County.

The grand jury asked for and was granted the right to remain in session an additional 60 days as a special grand jury to follow up on this matter. We hope that through this the grand jury will be able to see something come of their recommendations. All too often a matter like this is brought to light but nobody follows up on it to see that something is done.

One of the many important matters that will come before 64th Legislature will be the question of whether Texas should have a public utilities commission. Because of the recent lawsuits against Southwestern Bell Telephone Company this idea of a public utilities commission has caught favor from many quarters.

One of the strongest arguments for such a commission has been that Texas is the only state that does not have one. But since Texas also is blessed with well below average rates we do not find this to be much of an argument for such a commission.

Given a little time such a commission would end up going one of two ways, either it would restrict the utilities to the point of destroying

TO COAHOMA TUESDAY—

Hamlin to Host Anson Friday In District Tilt

The Hamlin high school basketball teams will host Anson here Friday and then travel to Coahoma Tuesday for district contests. Both evenings the action will get underway at 5 p.m. with the boys junior varsity games. They will be followed by the varsity girls and then the varsity boys.

The Pipers moved their district record up to 2-1 Tuesday evening by defeating Winters, 60-48, with Tracy Rowland and Delbert Thompson each scoring 16 points. The Pipers remained undefeated in

conference play with their win over Winters, 59-47, with Kathy Hooper scoring 37 points and Elberta Cork scoring 14. Hamlin won the boys junior varsity game, 54-40, with Charlie Brown scoring 20 points.

Following the Christmas holidays, the Pipers picked up two non-conference wins before resuming district play Tuesday night at Winters. The Pipers defeated the Sweetwater Mustangs here Thursday, 61-53, with Johnny Jones scoring 25 points. On Friday, the Pipers defeated

the Aspermont Hornets, 64-55, with William Brown scoring 20 points for high honors.

The Hamlin boys won the junior varsity game with Sweetwater, 75-44, and then defeated Aspermont Friday, 56-29.

The Pipers opened up with a 20-2 first quarter lead over Aspermont for a 60-32 victory in their non-conference tilt. Kathy Hooper was high with 30 points. The Hamlin girls won the junior varsity game with Aspermont, 32-24, to make it a clean sweep for Hamlin.

CRITICAL OF ATTORNEY—

Grand Jury Seeks Jury Trials In County Cases

A Jones County jury Tuesday, Dec. 31, adopted a resolution recommending that County Attorney A. J. Smith Jr. either bring contested misdemeanor criminal cases to trial immediately or resign if he is unable to do so or refuses.

The action came following an investigation by the grand jury that noted that Smith had not tried a misdemeanor case before a jury in more than three years.

Smith, following the resolution, said that he is "seriously considering" resigning if the county does not furnish him with an assistant to handle trial work.

The grand jury had further recommended that if Smith will "neither perform his duties nor resign the office" that Jones County commissioners "immediately petition the Attorney General of the State of Texas to institute removal from office proceedings."

Smith said that step would not be necessary because he would resign first. "If we can't get some help in the courtroom for trial, then I'm certainly considering getting out — for my own good," he said. "I've been turning it over in my mind for a year or two, but I've always been talked into staying on."

Smith said he has not prosecuted any jury trials since 1971, when "doctors found an arterial blockage and advised me against strenuous courtroom work." "I've followed this practice in both county work and my private practice (of law). I have not tried a contested civil suit for the same reason," he added.

Smith expressed surprise at the grand jury recommendation, saying there was "no secret" about the fact that his health was bad in 1972, when "the people elected me without opposition" to another four-year term.

Smith, 65, has been county attorney since 1967 when he was appointed to succeed Ben Niedeecken, who resigned. He was elected without opposition in 1968.

The county attorney said he will seek to bring contested misdemeanor criminal cases to trial before a jury immediately, as the grand jury recommended, only "if I can get help to do it. I don't want to press myself to the detriment of my health."

Smith, who has practiced law in Anson since 1930, said he and Jones County Judge Leon Thurman "have tried to work out something for someone to do the trial work... there's a good possibility of working out a deal with an attorney in the near future."

Under the system he invisions, Smith said he would continue to handle all of the county attorney's business except the trial work. "I have no serious difficulties in the preparation of the cases and disposition of cases before the judge," he added.

In issuing their report and resolution to 104th Judge J. Neil Daniel, the grand jurors noted that their term of service is to expire on Jan. 3 and asked for a 60-day extension as a "special grand jury."

The jurors told Daniel they would like "to investigate other items pertaining to child welfare, child support and juvenile matters." They added that they would like to be in session whenever the Commissioners Court delivered a report as to action on the resolution.

Judge Daniel extended the grand jury's term of service to March 6. Weldon Johnson of Hawley, foreman of the

grand jury, promptly called a session Jan. 30.

Daniel told the jurors, "I appreciate the work that you are doing. It is seldom that a grand jury will take the responsibility to investigate something like this. Frankly, this is the way to see to it that you get good law enforcement."

Four Hamlin residents are on the grand jury. They in-

clude Mrs. Joe E. Ford, Mrs. David Casey, Richard Young Jr., and Raymond Scifres.

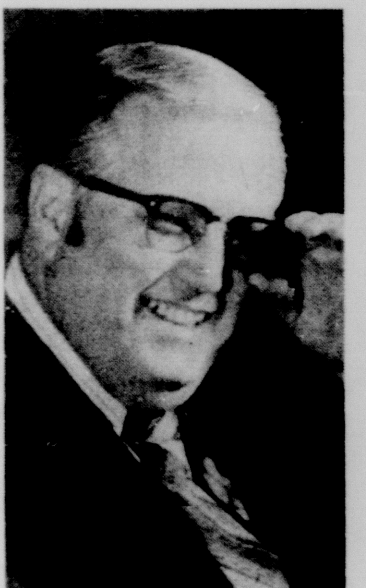

Other members of the grand jury include Johnny Davis, Dorothy B. Pryor, Bill L. Glenn and Gregory Vasquez, all of Stamford; John T. Lindsey of Avoca; Harold Cothorn of Merkel; Billy Vinson of Abilene; and Weldon Johnson (foreman) of Hawley.

Reward Is Offered In Murder Case

Woodrow Simmons, Jones County Sheriff, has announced that a \$1,000 reward has been posted for information leading to the arrest and conviction of the person responsible for the robbery and death of Mrs. Mildred Baize.

Sheriff Simmons said that the Jones County Sheriff's Department has on deposit a reward of \$1,000 that was raised by interested citizens.

Mrs. Baize, owner of Baize Mercantile at Tuxedo, was found dead following the weekend robbery of the store Sept. 23, 1974, and Sheriff Simmons said that no leads have been turned up at this time on the robbery and Mrs. Baize's death.

Debi Cary Named On Region Band

Debi Cary, Hamlin High School junior, was named to All-Region Band during tryouts Friday evening at Hardin-Simmons University. She plays flute in the high school concert and marching bands and the stage band.

The All-Region Band made up of about 120 top junior and senior high school musicians from a wide section of West Texas presented a concert Saturday night at H-SU Behrens Chapel-Auditorium.

Debi is the daughter of Mr. and Mrs. Robert Cary.

P-TA to Meet Today At 3:40

The Hamlin Elementary Parent-Teachers Association will meet today (Thursday) from 3:40 to 4:40 p.m. in the primary cafeteria. Mrs. Guy Weaver will preside. Martha Harmon, consumer specialists for Lone Gas Co. of Abilene will speak on "Living with Inflation" and saving money.

Child care service will be available. Executive meeting will be held at 3:15 and all committee chairmen or representatives are urged to attend.

Mrs. Pat Willoughby will introduce the speaker.

Jones, Young Named On All-Area Team

Johnny Jones and Gerry Young, Hamlin High School seniors, were named to the Abilene Reporter-News AA All-Area team selected by the newspaper's department. Both were named to the offensive unit with Young at guard and Jones as a running back.

The Comanche Indians dominated the selections with eight positions on the two units and were followed by Coahoma with four and Ballinger with three.

Dick Rogers of Anson was named Coach of the Year, Putt Choate of Coahoma was named Back of the Year, and Junior Sanchez of Comanche was named Lineman of the Year.

NEWS OF NUTRITION

TUNE UP WITH TUNA
You may not be happily aware of it, but you can get 100 percent of your daily protein requirement in a seven ounce can of tuna. Tuna's protein supplies your body with a rich source of amino acids, which are the essential building blocks of the body.

Canned tuna in vegetable oil is lower in fat than lean red

meat. Doctors and nutritionists concerned about cholesterol and reducing the incidence of coronary heart diseases recommend that people eat more fish.

Because there is less connective tissue in tuna, it is more readily digested than red meat. This accounts for its wide use in meals for the very young and the elderly, as well as in convalescent diets.

Tuna has a high content of vitamin B12 and other factors needed for growth. It also supplies iodine, which prevents goiter; phosphorus, for strong bones, and fluorine, to develop teeth and prevent decay. Vitamins for maintaining normal metabolism are also present in tuna in substantive amounts.

As a complete protein food, canned tuna is lower in calories than lean beef of the same edible weight. It gives you vitality and a feeling of satisfaction when you're on a weight-loss diet. And tuna's versatility means that as regular fare on a reducing regime it won't wear out its welcome. You can trim up and tune up with tuna—without tiring of it.

JUST A MEMORY

Upholstered furniture collects just as much dust and grime as the tops of your wood tables! Don't overlook it just because you can't see it. Neglect causes gritty dirt particles to wear away and discolor the fabric—creating a dusty smell in the process.

Regularly vacuum all upholstered furniture with your vacuum cleaner attachment. Be sure to get into the seams and tufts to prevent dust build-up.

Spots and spills should be removed as soon as possible. Spills usually sponge right up with a little water and a rub-down with a clean, dry cloth.

Spots and stains can be just as easy to remove with a spray of K2r Spot-lifter. It dries to a fine, white powder and, with a good brush-down, the spot is just a memory!

If you have cushions filled with down, use an upholstery brush, not the vacuum. Vacuuming will pull the feathers through the holes and you'll have to spend the rest of the day plucking! After brushing, spots can be removed in the same manner as with your other upholstered furniture.

Classified deadline is 8:30 a.m. Wednesday.

Are Natural Gas Curtailments Going To Affect Me?

During cold days in the winter, when the demand for natural gas is really high, some industrial users are asked to cut back their consumption of natural gas. But we want to assure our residential and other high priority customers that it's highly unlikely their natural gas service will be interrupted.

The pipelines used to deliver natural gas can only hold so much gas. And during extremely cold winter days, there's sometimes more demand than we can supply. Some people ask, "Why not build bigger pipelines?" But that would be like building a church for the Easter or Christmas attendance, rather than the weekly congregation. The cost would be tremendous and gas rates would be much higher.

Instead we developed a "curtailment" program many years ago. Our industrial customers have signed contracts agreeing to "curtail" their use of natural gas during these peak times.

If you were considering replacing an existing gas appliance or purchasing a new one, be assured that Lone Star can provide the energy. We have the natural gas, and our residential and other high priority customers may continue to rely on Lone Star's dependable service now as in the past.

New Five-Year Plates May Outlast Automobiles

AUSTIN—If all goes according to plan, the Texas motor vehicle license plate might soon outlast the motor vehicle that "wears" it.

Beginning February 1, the majority of motor vehicles operating in Texas may be eligible to use the new "multi-year" license plate, renewable annually for five years of driving. According to Bob Townsley, Director of the Highway Department's Motor Vehicle Division, approximately 9.2 million renewal notices are already in the mail to vehicle owners announcing the fact.

"Motorists will notice no change in the registration procedure this year," said Townsley. "Only the license plate to be issued will be different."

Instead of the usual metal plate, a heavier, non-corrosive steel will be used for greater endurance. Also, the plate will be reflectorized and will feature black letters and numerals on a white field, considered by experts to be the most easily readable color combination.

"The real change in registration procedure will come in 1976," explained the Highway Department of-

Official. Next year, instead of buying a new license plate, owners will purchase a 1-by-2-inch adhesive-type validation tag that will be placed in the debossed upper left corner of the plate. In 1977, the tag will be stuck in the upper right corner to cover the debossed "75," and alternated for the ensuing years. Townsley said the tags cannot be easily removed without deterioration, a part of the plan to discourage vandalism or theft.

Motorists are encouraged to register their vehicles early and avoid the "last minute" rush. Registrants may apply by mail immediately, or "in person" at their county tax office and substations beginning February 1. Mail applicants are reminded to return the entire renewal notice along with their payment and one dollar per vehicle to cover postage and handling. Allow at least 30 days for delivery of plates. The registration deadline is midnight, April 1.

Services Held Tuesday for Mrs. Green

Mrs. Carrol Green, 38, a native of Sylvester, died at 5:30 a.m. Monday, Dec. 30, at her home in Anson after an apparent heart attack. Funeral services were held at 2 p.m. Tuesday, Dec. 31, at First United Methodist Church.

A brother, Bobby Kiser, operates the Kiser Texaco Station here.

The Rev. C. T. Jackson, Anson Methodist minister, officiated. Burial was in Anson Cemetery.

Born Peggy Lou Kiser Nov. 4, 1936, in Sylvester, she was the daughter of Mr. and Mrs. Cecil Kiser. She married Carrol Green July 14, 1957, in Albany. They moved from Abilene to Anson in 1960. She was a member of First

Survivors are her husband; two daughters, Jackie Carol and Ladona Christine, both of the home; her parents; three sisters, Mrs. Jo Brown of Oklahoma, Mrs. Jimmy Rivers and Mrs. Larry Dickson, both of Rotan; and five brothers, Cecil Jr. of Altus, Okla., Bobby of Hamlin, Thomas of Sweetwater and Ronnie and Ricky, both of Sylvester.

Industrial Team Sets Seminar Here

Homer Tucker, with the Texas Industrial Commission in Austin, will hold a training seminar in Hamlin today (Thursday) starting at 1:30 in the Conference Room at the City Hall.

The session is planned to last all afternoon and will be for the purpose of training this city's industrial team.

Special emphasis will be given to public relations, sites, taxes, transportation, labor, education and training, finances, natural resources, raw materials, local goods and services, and utilities.

A member of the team as well as an alternate, will receive training in one of these categories so that when the course is completed a team member will be versed in his particular category.

Lloyd Burkhardt is chairman of the Industrial Team for Hamlin and has made arrangements for this training session to be attended by 10 or 15 local citizens.

Movies Here Saturday

Titles of movies to be presented Saturday afternoon by the Hamlin stage band have been announced as follows: Abbott and Costello in "Ride 'em Cowboy," Laurel and Hardy comedy, "Double Whoopee" and "Helen Keller."

The movies, open to all ages, are shown from 2 to 4 p.m. Saturday at the Pastime Club on Southwest Second.

Bike Fatality Rate Lowest Ever But Record Not Good Enough

How safe is a bicycle? That depends almost entirely on its driver. It's as simple as that.

The fatality rate per 100,000 bicyclists reached the lowest point in history during 1973, according to the most recent statistics released by the National Safety Council.

But as far as the manufacturers are concerned, that record isn't good enough. One injury is too many. One death is appalling. Their target? Zero accidents. Is there anyone who would aim any lower?

The American bicycle is built to meet critical safety requirements. All members of the Bicycle Manufacturers Association voluntarily conform to the BMA's safety regulations. Now the government plans to add new manufacturing strictures.

But there is only so much that can be built into a bike. The rest must be built into its driver. Every study shows the same thing: In the great majority of accidents, the fault lies with the man, woman or child operating the vehicle. They have failed to realize that the bike is not just a toy. It is part of the entire transportation system. And it must be treated as such.

Thus it is incumbent upon parents of bike-owning youngsters and adult riders to learn the rules of the road. It is required of those operating motorized vehicles. And so it must be with bicyclists.

Some states and communities require that formal safety courses be part of the regular curriculum. In other areas, bicyclists have to be licensed to drive their bicycles. And they must pass

a safety test to get their licenses.

Unfortunately, at this time, education and licensing ordinances cover only a small percentage of the riders. Everyone else is on his own and he had better be!

In traffic, the rules of the road are imperative. Abiding by these rules can make for safe, accident-free cycling. The following rules have been prepared by the Bicycle Institute of America in conjunction with the National Safety Council and the Cub Scouts of America.

SUGGESTED SAFE BIKE DRIVING RULES

1. Obey all applicable traffic regulations, signs, signals and markings.

Bicycles should be driven as safely as any road vehicle, and they are subject to the same rules of vehicular traffic, wherever they apply. A good "rule of thumb" is to avoid congested streets and use bike-ways, lanes or paths where possible.

2. Observe all local ordinances regarding bicycles. Registration and licensing, inspections, driving on sidewalks, etc., may all be covered by local laws.

3. Keep right; drive with traffic, not against it. Drive single file.

4. Watch out for drain grates, soft shoulders and other road surface hazards. Be careful of loose sand or gravel, particularly at corners. Watch out for pot holes.

5. Watch out for car doors opening, or for cars pulling into traffic.

6. Don't carry passengers or packages that interfere with your vision or control. A good rule is "one person, one bike," unless it's a tandem.

7. Never hitch a ride on a truck or other vehicle.

8. Be extremely careful at intersections, especially when making a left turn. Most accidents happen at intersections. If traffic is heavy, get off and walk.

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

Local Songwriter
Has Two Records
Available Here

Donnie Smith, local songwriter, has two of his songs recorded and are presently being played over the Stamford Radio Station. One record, "Minni-Ha-Cha," recorded on Sterling label, is sung by Gary Roberts and the Five Stars. The other record, "Give Me a Lollipop" is on the Preview Records label and sung by Gene Marshall.

Mr. Smith hopes to have another song on the market in about six months called "Hey, John," which is a semi-mockery of John Charles Hix, he said.

Records may be purchased locally at Winn's.

9. Use hand signals to indicate turning or stopping.

Let the motorist know what you plan to do by giving the appropriate hand signals for turning left or right, or for stopping.

10. Protect yourself at night with the required red reflectors and lights.

Again, state laws vary. Most require a headlight, tail light or red rear reflectors for night cycling.

11. Drive a safe bike. Have it inspected to insure good mechanical condition. Make sure your bike fits.

12. Drive your bike defensively; watch out for the other guy.

Observe the car in front of you, and the one in front of him. Leave yourself room. (NP Features)

Reddy's helpful tips for your Home Laundry

Wash and dry a full load, but never overload... it is essential for each item to move freely for proper cleaning and drying.

Choose the correct cycle for washing modern materials. Perhaps hot water isn't needed, and only a gentle drying temperature.

Too much detergent can clog machine and drains... always measure, don't guess! Follow the manufacturer's recommendations for your type equipment. Mixing brands of detergents can cause graying of clothes.

Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing and give you wrinkle-free clothes without need for ironing. A big savings!

Local Drug Abuse Team To Attend 4-Day Session

New drug abuse prevention teams from 18 Texas communities will attend a four-day workshop in San Antonio at the Holiday Inn-Northwest, Jan. 9-12, sponsored by the U.S. Office of Education regional training center at Trinity University.

Each team consists of five persons who volunteer to be

trained in designing and implementing drug abuse prevention programs tailored to the specific needs of their home communities.

Attending from Hamlin are Marvin Carlton, junior high school principal; Mrs. Bill Shira and Mrs. Sam Ferguson, both junior high school teachers; and Jerry Bodine and Mrs. Joe Wayne Carter, both high school teachers.

The teams will represent the Panhandle Regional Planning Commission at Amarillo and the following independent school districts: Eanes (Austin), Canutillo (El Paso), Judson (San Antonio), Denton, Edcouch-Elsa, Forney, Hamlin, Iowa Park, Sam Rayburn (Ivanhoe), Karnack, LaJoya, New Deal, Palestine, Pampa, Pharr-San Juan-Alamo, Robstown and Weatherford.

Co-sponsoring the workshop will be the Texas Education Agency, Austin. TEA staff members will introduce a new statewide drug education program for all Texas schools and train the team members in how to

conduct it.

All 18 teams last summer attended a longer training program at Lost Valley Ranch, Bandera. Their training is funded by grants from the U.S. Office of Education.

James D. Kazen, director of the San Antonio center, said each team also is eligible for one year of consultative assistance from the staff of

the center. From its Trinity University base, the center serves ten Southwestern states.

The workshop will begin at noon, today, (Thursday) and end at noon, Sunday, Jan. 12.

Services Held Thursday for J. R. Bishop

Services were held at 10 a.m. Thursday at Calvary Baptist Church for James Richard Bishop, 81, retired landscaper. He died at 4:30 a.m. Tuesday at West Texas Medical Center in Abilene after a short illness.

The Rev. Walter Hickman, pastor, officiated. Local arrangements were made by McCoy Funeral Home.

Graveside services were held at 2 p.m. Friday at Sardis Cemetery in Waxahachie, with Boze-Mitchell Funeral Home directing.

Born Feb. 24, 1893, in Athens, Mr. Bishop married Valrene Sheppard Wright June 19, 1967, in Waxahachie. They moved to Hamlin in 1971.

Survivors include his wife; one daughter, Mrs. Mildred Nickels of Del City, Okla.; four stepdaughters; four stepsons, one sister, Mrs. Atsy Parks of Waxahachie; 39 grandchildren; and six great-grandchildren.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

The Grand Jury of the 104th District Court is to be commended for their action dealing with the lack of prosecution of misdemeanor criminal cases in Jones County. This is a problem that has been aired in print from time to time but the grand jury is the first group to take any action on the problem.

The grand jury report indicated that in over three years there had not been a single jury trial of a misdemeanor criminal case.

Basically, the grand jury has expressed the feeling of most of the people in the county when they recommended that either County Attorney A. J. Smith go to work or resign.

Smith has taken the position that his health will not permit him to do trial work and that he should be given an aide to bring these cases to trial. Smith admits that he has not prosecuted any jury trials since 1971 when doctors found an arterial blockage and advised him against strenuous courtroom work.

Following the grand jury report he reportedly has said that he is seriously considering resigning if the county does not furnish him with an assistant to handle trial work.

Since he is being paid county funds to perform the duties of the office that he was elected to, we can only wonder why he expects the county to furnish him an assistant. It appears to us that he should either perform the job he is paid to do or else hire his own help to do it.

He reportedly expressed surprise at the grand jury recommendation and said that it was no secret about the fact that his health was bad in 1972 when the people elected him without opposition to another four-year term.

Now there may have been some who knew about his health problem at the time he sought re-election but we doubt if the average voter knew about it. Most voters, we believe quite fairly, assumed that when a man runs for office he intends to carry out the duties of that position.

While we strongly oppose spending more county monies to do the job that Smith has been paid to do we suspect that that will need to be the case at least until the backlog is taken care of. But we would strongly oppose the continuation of the county furnishing an assistant until it is proven that the workload is more than one man can handle and we don't think that is the case in Jones County.

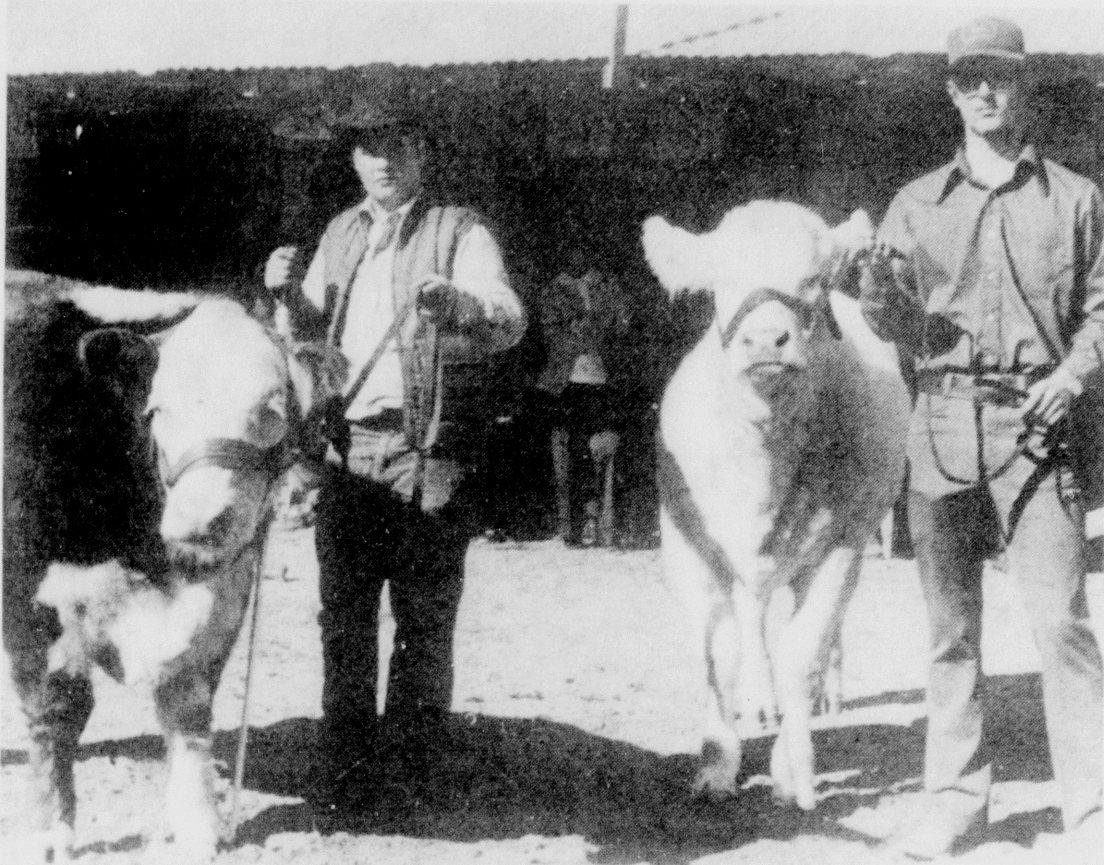

The grand jury asked for and was granted the right to remain in session an additional 60 days as a special grand jury to follow up on this matter. We hope that through this the grand jury will be able to see something come of their recommendations. All too often a matter like this is brought to light but nobody follows up on it to see that something is done.

One of the many important matters that will come before 64th Legislature will be the question of whether Texas should have a public utilities commission. Because of the recent lawsuits against Southwestern Bell Telephone Company this idea of a public utilities commission has caught favor from many quarters.

One of the strongest arguments for such a commission has been that Texas is the only state that does not have one. But since Texas also is blessed with well below average rates we do not find this to be much of an argument for such a commission.

Given a little time such a commission would end up going one of two ways, either it would restrict the utilities to the point of destroying

SHOW CHAMPIONS—Shorty McIlwain, 16, left, exhibited the grand champion steer of the 1975 Hamlin Jaycee Livestock Show here Saturday with his Hereford and Richard Lee, right, had the grand champion beef heifer with his Charolais. Shorty is the son of Mr. and Mrs. Billy McIlwain. Richard's parents are Mr. and Mrs. Clayton Lee. Both boys are Hamlin High School juniors and members of FFA.

COUNTY SHOW SATURDAY—

Shorty McIlwain Takes Top Honors In City Show

Shorty McIlwain, 16-year-old Hamlin FFA member, took the trophy for champion steer of the ninth annual Hamlin Jaycee Livestock Show held here Saturday. The show was a warm-up for the annual Jones County Livestock Show which will be held Saturday in Anson.

Shorty is the son of Mr. and Mrs. Billy McIlwain and is a junior.

Ronald Mayfield, Loraine Agriculture teacher, judged the local show.

Russell May, 17, a junior, took reserve honors with his Hereford steer. He is the son of Mr. and Mrs. J. B. May and also showed the reserve champion beef heifer in the show.

Richard Lee, 17 and also a junior, showed the champion beef heifer with a large Charolais. He is the son of Mr. and Mrs. Clayton Lee.

David Moore, 16-year-old junior, completely dominated the breeding swine show. Moore took first place in Duroc, Hampshire, and crossbred gilts and took the trophy for champion breeding swine with his Duroc gilt. Moore also took first place sow and reserve champion breeding swine honors. He is the son of Mrs. Fred B. Moore Jr.

Taking the trophy in the market barrow show with his Duroc barrow was Steve Hastings, a junior FFA member. He is the son of Mr. and Mrs. Ester Hastings and exhibited several other hogs in the show.

Travis Lain, 12-year-old sixth grader, captured the reserve champion barrow honors with a Yorkshire. He is the son of Mr. and Mrs. James Lain.

Guy Turner, a Hamlin FFA member, had the first and second place milk goats in the sheep and goat division and took champion and reserve goat honors. He is the son of Mr. and Mrs. Charlie Turner.

Russ Lakey had the champion sheep with his Suffolk ewe and took champion honors in the sheep and goat show with Turner taking reserve honors. Russ is the son of Mr. and Mrs. Herbert Lakey.

Gary Lain, 14, exhibited a turkey tom in the poultry show for champion turkey honors and champion of the poultry exhibit. Gary also took home the coveted Showmanship Trophy for his effort in the entire show. He is the son of Mr. and Mrs. James Lain.

Russell May took reserve honors in the poultry exhibit with his laying hens.

Tracy Gregory, daughter of Mr. and Mrs. Don Gregory, had the reserve champion chickens with her pen of broilers.

Gordon Roberts, 12-year-old sixth grader, had the champion rabbit of the show with his top doe, a New Zealand White. His brother Wendell, 14, had the reserve champion with a buck. They are the grandsons of Mr. and Mrs. George Campbell.

A number of these animals

will be shown again this Saturday in the Jones County Show with Hamlin serving as host this year. Members of the Hamlin Ag Club will serve as superintendents and assistants of the various departments.

Milburn Wink, Hamlin agriculture teacher, supervised the local show and will serve as General Superintendent and Secretary of the county show. Over \$500 in premiums and prizes were awarded to FFA and 4-H Club members of the Hamlin Public Schools.

Complete results of the local show follows:

CRITICAL OF ATTORNEY—

Grand Jury Seeks Jury Trials In County Cases

A Jones County jury Tuesday, Dec. 31, adopted a resolution recommending that County Attorney A. J. Smith Jr. either bring contested misdemeanor criminal cases to trial immediately or resign if he is unable to do so or refuses.

The action came following an investigation by the grand jury that noted that Smith had not tried a misdemeanor case before a jury in more than three years.

Smith, following the resolution, said that he is "seriously considering" resigning if the county does not furnish him with an assistant to handle trial work.

The grand jury had further recommended that if Smith will "neither perform his duties nor resign the office" that Jones County commissioners "immediately petition the Attorney General of the State of Texas to institute removal from office proceedings."

Smith said that step would not be necessary because he would resign first. "If we can't get some help in the courtroom for trial, then I'm certainly considering getting out — for my own good," he said. "I've been turning it over in my mind for a year or two, but I've always been talked into staying on."

Smith said he has not prosecuted any jury trials since 1971, when "doctors found an arterial blockage and advised me against strenuous courtroom work."

"I've followed this practice in both county work and my private practice (of law). I have not tried a contested civil suit for the same reason," he added.

Smith expressed surprise at the grand jury recommendation, saying there was "no secret" about the fact that his health was bad in 1972, when "the people elected me without opposition" to another four-year term.

Smith, 65, has been county attorney since 1967 when he was appointed to succeed Ben Niedeken, who resigned. He was elected without opposition in 1968.

The county attorney said he will seek to bring contested misdemeanor criminal cases to trial before a jury immediately, as the grand jury recommended, only "if I can get help to do it. I don't want to press myself to the detriment of my health."

Smith, who has practiced law in Anson since 1930, said he and Jones County Judge Leon Thurman "have tried to work out something for someone to do the trial work...there's a good possibility of working out a deal with an attorney in the near future."

Under the system he envisions, Smith said he would continue to handle all of the county attorney's business except the trial work. "I have no serious difficulties in the preparation of the cases and disposition of cases before the judge," he added.

In issuing their report and resolution to 104th Judge J. Neil Daniel, the grand jurors noted that their term of service is to expire on Jan. 3 and asked for a 60-day extension as a "special grand jury."

The jurors told Daniel they would like "to investigate other items pertaining to child welfare, child support and juvenile matters." They added that they would like to be in session whenever the Commissioners Court delivered a report as to action on the resolution.

Judge Daniel extended the grand jury's term of service to March 6. Weldon Johnson of Hawley, foreman of the

grand jury, promptly called a session Jan. 30.

Daniel told the jurors, "I appreciate the work that you are doing. It is seldom that a grand jury will take the responsibility to investigate something like this. Frankly, this is the way to see to it that you get good law enforcement."

Four Hamlin residents are on the grand jury. They in-

clude Mrs. Joe E. Ford, Mrs. David Casey, Richard Young Jr., and Raymond Scifres.

Other members of the grand jury include Johnny Davis, Dorothy B. Pryor, Bill L. Glenn and Gregory Vasquez, all of Stamford; John T. Lindsey of Avoca; Harold Cothern of Merkel; Billy Vinson of Abilene; and Weldon Johnson (foreman) of Hawley.

AT BCD BANQUET—

Dr. Kyker, 'A Mountain Of Mirth' to Speak Here

Rex Paxton Kyker, billed as a "mountain of mirth" will be the speaker for the annual banquet of the Hamlin Board of Community Development to be held at the high school cafeteria Friday, Jan. 17, at 7:30. Dr. Kyker is professor and head of the Department of Communication at Abilene Christian College in Abilene.

Active in civic affairs, Dr. Kyker averages making over 100 speeches each year to youth groups, civic clubs, church groups, educational

organizations and American Heritage groups. A past president of the Key City Kiwanis Club, he served as Governor of the Texas-Oklahoma District of Kiwanis International in 1967.

Tickets to the annual banquet are available from any of the members of the board of directors of the BCD or from the BCD office. The tickets are \$4.00 per plate.

The Hamlin Stage Band will furnish entertainment for the banquet and Lynn Mink, educational director of the First Baptist Church, will serve as master of ceremonies.

A highlight of the banquet will be the presentation of the Man and Woman of the Year awards by John Watts, chairman of the selection committee.

Dr. Kyker is a graduate of Farwell High School and has a BA degree from Abilene Christian College, a MA from State University of Iowa and a Ph. D. from the University of Florida. Along with being active in many Abilene civic organizations, he has served as chairman of the Speakers Bureau for 10 years.

Jones, Young Named On All-Area Team

Johnny Jones and Gerry Young, Hamlin High School seniors, were named to the Abilene Reporter-News AA All-Area team selected by the newspaper's department. Both were named to the offensive unit with Young at guard and Jones as a running back.

The Comanche Indians dominated the selections with eight positions on the two units and were followed by Coahoma with four and Ballinger with three.

Dick Rogers of Anson was named Coach of the Year, Putt Choate of Coahoma was named Back of the Year, and Junior Sanchez of Comanche was named Lineman of the Year.

P-TA to Meet Today At 3:40

The Hamlin Elementary Parent-Teachers Association will meet today (Thursday) from 3:40 to 4:40 p.m. in the primary cafeteria. Mrs. Guy Weaver will preside. Martha Harmon, consumer specialists for Lone Gas Co. of Abilene will speak on "Living with Inflation" and saving money.

Child care service will be available. Executive meeting will be held at 3:15 and all committee chairmen or representatives are urged to attend.

Mrs. Pat Willoughby will introduce the speaker.

NEWS
OF NUTRITION
TUNE UP WITH TUNA

You may not be happily aware of it, but you can get 100 percent of your daily protein requirement in a seven ounce can of tuna. Tuna's protein supplies your body with a rich source of amino acids, which are the essential building blocks of the body.

Canned tuna in vegetable oil is lower in fat than lean red

meat. Doctors and nutritionists concerned about cholesterol and reducing the incidence of coronary heart diseases recommend that people eat more fish.

Because there is less connective tissue in tuna, it is more readily digested than red meat. This accounts for its wide use in meals for the very young and the elderly, as well as in convalescent diets.

Tuna has a high content of vitamin B12 and other factors needed for growth. It also supplies iodine, which prevents goiter; phosphorus, for strong bones, and fluorine, to develop teeth and prevent decay. Vitamins for maintaining normal metabolism are also present in tuna in substantive amounts.

As a complete protein food, canned tuna is lower in calories than lean beef of the same edible weight. It gives you vitality and a feeling of satisfaction when you're on a weight-loss diet. And tuna's versatility means that as regular fare on a reducing regime it won't wear out its welcome. You can trim up and tune up with tuna—without tiring of it.

JUST A MEMORY

Upholstered furniture collects just as much dust and grime as the tops of your wood tables! Don't overlook it just because you can't see it. Neglect causes gritty dirt particles to wear away and discolor the fabric—creating a dusty smell in the process.

Regularly vacuum all upholstered furniture with your vacuum cleaner attachment. Be sure to get into the seams and tufts to prevent dust build-up.

Spots and stains should be removed as soon as possible. Spills usually sponge right up with a little water and a rub-down with a clean, dry cloth.

Spots and stains can be just as easy to remove with a spray of K2r Spot-lifter. It dries to a fine, white powder and, with a good brush-down, the spot is just a memory!

If you have cushions filled with down, use an upholstery brush, not the vacuum. Vacuuming will pull the feathers through the holes and you'll have to spend the rest of the day plucking! After brushing, spots can be removed in the same manner as with your other upholstered furniture.

Classified deadline is 8:30 a.m. Wednesday.

Are Natural Gas
Curtailments
Going To
Affect Me?

During cold days in the winter, when the demand for natural gas is really high, some industrial users are asked to cut back their consumption of natural gas. But we want to assure our residential and other high priority customers that it's highly unlikely their natural gas service will be interrupted.

The pipelines used to deliver natural gas can only hold so much gas. And during extremely cold winter days, there's sometimes more demand than we can supply. Some people ask, "Why not build bigger pipelines?" But that would be like building a church for the Easter or Christmas attendance, rather than the weekly congregation. The cost would be tremendous and gas rates would be much higher.

Instead we developed a "curtailment" program many years ago. Our industrial customers have signed contracts agreeing to "curtail" their use of natural gas during these peak times.

If you were considering replacing an existing gas appliance or purchasing a new one, be assured that Lone Star can provide the energy. We have the natural gas, and our residential and other high priority customers may continue to rely on Lone Star's dependable service now as in the past.

New Five-Year Plates May Outlast Automobiles

AUSTIN—If all goes according to plan, the Texas motor vehicle license plate might soon outlast the motor vehicle that "wears" it.

Beginning February 1, the majority of motor vehicles operating in Texas may be eligible to use the new "multi-year" license plate, renewable annually for five years of driving. According to Bob Townsley, Director of the Highway Department's Motor Vehicle Division, approximately 9.2 million renewal notices are already in the mail to vehicle owners announcing the fact.

"Motorists will notice no change in the registration procedure this year," said Townsley. "Only the license plate to be issued will be different."

Instead of the usual metal plate, a heavier, non-corrosive steel will be used for greater endurance. Also, the plate will be reflectorized and will feature black letters and numerals on a white field, considered by experts to be the most easily readable color combination.

"The real change in registration procedure will come in 1976," explained the Highway Department of-

ficial. Next year, instead of buying a new license plate, owners will purchase a 1- by 2- inch adhesive-type validation tag that will be placed in the debossed upper left corner of the plate. In 1977, the tag will be stuck in the upper right corner to cover the debossed "75," and alternated for the ensuing years. Townsley said the tags cannot be easily removed without deterioration, a part of the plan to discourage vandalism or theft.

Motorists are encouraged to register their vehicles early and avoid the "last minute" rush. Registrants may apply by mail immediately, or "in person" at their county tax office and substations beginning February 1. Mail applicants are reminded to return the entire renewal notice along with their payment and one dollar per vehicle to cover postage and handling. Allow at least 30 days for delivery of plates. The registration deadline is midnight, April 1.

Services Held Tuesday for Mrs. Green

Mrs. Carrol Green, 38, a native of Sylvester, died at 5:30 a.m. Monday, Dec. 30, at her home in Anson after an apparent heart attack. Funeral services were held at 2 p.m. Tuesday, Dec. 31, at First United Methodist Church.

A brother, Bobby Kiser, operates the Kiser Texaco Station here.

The Rev. C. T. Jackson, Anson Methodist minister, officiated. Burial was in Anson Cemetery.

Born Peggy Lou Kiser Nov. 4, 1936, in Sylvester, she was the daughter of Mr. and Mrs. Cecil Kiser. She married Carrol Green July 14, 1957, in Albany.

They moved from Abilene to Anson in 1960. She was a member of First

United Methodist Church. Survivors are her husband; two daughters, Jackie Carol and Ladona Christine, both of the home; her parents; three sisters, Mrs. Jo Brown of Oklahoma, Mrs. Jimmy Rivers and Mrs. Larry Dickson, both of Rotan; and five brothers, Cecil Jr. of Altus, Okla., Bobby of Hamlin, Thomas of Sweetwater and Ronnie and Ricky, both of Sylvester.

Industrial Team Sets Seminar Here

Homer Tucker, with the Texas Industrial Commission in Austin, will hold a training seminar in Hamlin today (Thursday) starting at 1:30 in the Conference Room at the City Hall.

The session is planned to last all afternoon and will be for the purpose of training this city's industrial team.

Special emphasis will be given to public relations, sites, taxes, transportation, labor, education and training, finances, natural resources, raw materials, local goods and services, and utilities.

A member of the team as well as an alternate, will receive training in one of these categories so that when the course is completed a team member will be versed in his particular category.

Lloyd Burkhart is chairman of the Industrial Team for Hamlin and has made arrangements for this training session to be attended by 10 or 15 local citizens.

Movies Here Saturday

Titles of movies to be presented Saturday afternoon by the Hamlin stage band have been announced as follows: Abbott and Costello in "Ride 'em Cowboy," Laurel and Hardy comedy, "Double Whoopie" and "Helen Keller."

The movies, open to all ages, are shown from 2 to 4 p.m. Saturday at the Pastime Club on Southwest Second.

Bike Fatality Rate Lowest Ever But Record Not Good Enough

How safe is a bicycle? That depends almost entirely on its driver. It's as simple as that.
The fatality rate per 100,000 bicyclists reached the lowest point in history during 1973, according to the most recent statistics released by the National Safety Council.
But as far as the manufacturers are concerned, that record isn't good enough. One injury is too many. One death is appalling. Their target? Zero accidents. Is there anyone who would aim any lower?
The American bicycle is built to meet critical safety requirements. All members of the Bicycle Manufacturers Association voluntarily conform to the BMA's safety regulations. Now the government plans to add new manufacturing strictures.
But there is only so much that can be built into a bike. The rest must be built into its driver. Every study shows the same thing: In the great majority of accidents, the fault lies with the man, woman or child operating the vehicle. They have failed to realize that the bike is not just a toy. It is part of the entire transportation system. And it must be treated as such.
Thus it is incumbent upon parents of bike-owning youngsters and adult riders to learn the rules of the road. It is required of those operating motorized vehicles. And so it must be with bicyclists.
Some states and communities require that formal safety courses be part of the regular curriculum. In other areas, bicyclists have to be licensed to drive their bicycles. And they must pass

Local Songwriter Has Two Records Available Here

Donnie Smith, local songwriter, has two of his songs recorded and are presently being played over the Stamford Radio Station. One record, "Minni-Ha-Cha," recorded on Sterling label, is sung by Gary Roberts and the Five Stars. The other record, "Give Me a Lollipop" is on the Preview Records label and sung by Gene Marshall.
Mr. Smith hopes to have another song on the market in about six months called "Hey, John," which is a semi-mockery of John Charles Hix, he said.
Records may be purchased locally at Winn's.

Free Adult Classes Being Taught Here

Reddy's helpful tips for your Home Laundry

Wash and dry a full load, but never overload it is essential for each item to move freely for proper cleaning and drying.
Choose the correct cycle for washing modern materials. Perhaps hot water isn't needed, and only a gentle drying temperature.

Too much detergent can clog machine and drains—always measure, don't guess!
Follow the manufacturer's recommendations for your type equipment.
Mixing brands of detergents can cause graying of clothes.

Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing and give you wrinkle-free clothes without need for ironing. A big savings!

Local Drug Abuse Team To Attend 4-Day Session

New drug abuse prevention teams from 18 Texas communities will attend a four-day workshop in San Antonio at the Holiday Inn-Northwest, Jan. 9-12, sponsored by the U.S. Office of Education regional training center at Trinity University.

Each team consists of five persons who volunteer to be

trained in designing and implementing drug abuse prevention programs tailored to the specific needs of their home communities.

Attending from Hamlin are Marvin Carlton, junior high school principal; Mrs. Bill Shira and Mrs. Sam Ferguson, both junior high school teachers; and Jerry Bodine and Mrs. Joe Wayne Carter, both high school teachers.

The teams will represent the Panhandle Regional Planning Commission at Amarillo and the following independent school districts: Eanes (Austin), Canutillo (El Paso), Judson (San Antonio), Denton, Edcouch-Elsa, Forney, Hamlin, Iowa Park, Sam Rayburn (Ivanhoe), Karnack, Ladoya, New Deal, Palestine, Pampa, Pharr-San Juan-Alamo, Robstown and Weatherford.

Co-sponsoring the workshop will be the Texas Education Agency, Austin. TEA staff members will introduce a new statewide drug education program for all Texas schools and train the team members in how to

conduct it.

All 18 teams last summer attended a longer training program at Lost Valley Ranch, Bandera. Their training is funded by grants from the U.S. Office of Education.

James D. Kazen, director of the San Antonio center, said each team also is eligible for one year of consultative assistance from the staff of

the center. From its Trinity University base, the center serves ten Southwestern states.

The workshop will begin at noon, today, (Thursday) and end at noon, Sunday, Jan. 12.

Services Held Thursday for J. R. Bishop

Services were held at 10 a.m. Thursday at Calvary Baptist Church for James Richard Bishop, 81, retired landscaper. He died at 4:30 a.m. Tuesday at West Texas Medical Center in Abilene after a short illness.

The Rev. Walter Hickman, pastor, officiated. Local arrangements were made by McCoy Funeral Home.

Graveside services were held at 2 p.m. Friday at Sardis Cemetery in Waxahachie, with Boze-Mitchell Funeral Home directing.

Born Feb. 24, 1893, in Athens, Mr. Bishop married Valrene Sheppard Wright June 19, 1967, in Waxahachie. They moved to Hamlin in 1971.

Survivors include his wife; one daughter, Mrs. Mildred Nickels of Del City, Okla.; four stepdaughters; four stepsons, one sister, Mrs. Atsy Parks of Waxahachie; 39 grandchildren; and six great-grandchildren.

Scott Feagan, Steve McKissack, Bobby McKissack, Jim Hastings, Gary Lain and James Lain were Hamlin participants in a deer hunt Dec. 30 at Sipe Springs. The day lease was donated by Gary's grandparents, Mr. and Mrs. W. W. Jackson, to the stage band.

Services Set Today for Mrs. Hodnett

Mrs. Effie Dora Hodnett, 87, of Hamlin died at 3:30 p.m. Tuesday at Anson General Hospital after a brief illness. Services will be at 2:00 p.m. today (Thursday) at the First United Methodist Church.

The Rev. Johnnie Williams, pastor of Crosbyton Methodist Church and former pastor of First United Methodist Church here, and the Rev. Jim Smith, First United Methodist Church pastor, will officiate. Burial

will be in Neinda Cemetery under the direction of McCoy Funeral Home.

Born Effie Dora White June 28, 1887, she married Henry C. Hodnett July 7, 1912, in Vernon. Mr. Hodnett died in 1952. Mrs. Hodnett was a member of First United Methodist Church.

She is survived by three sons, Wayne and Audrey both of Hamlin, and J. C. of Winters; one daughter, Mrs. Robert W. Burns of Dallas; seven grandchildren; three sisters, Mrs. Carl Barker and Mrs. Ruth Stephens, both of Mount Vernon and Mrs. Lula Strickland of Dallas. One son, Durward, preceded her in death.

McDonald On Dean's List

Barry McDonald, junior pre-law major at Midwestern University, Wichita Falls, was named to the Dean's List for the past semester with a grade point average of 3.52. He is the son of Mr. and Mrs. Claude McDonald.

His wife, the former Pam Colbert of Haskell, an elementary education major, was also listed with a 3.82 average. She is the daughter of Dr. and Mrs. R. E. Colbert of Haskell.

Visiting in the home of Mr. and Mrs. Joe Ford Sr. over the Christmas holidays were

Mr. and Mrs. Eudell Ford of Lamesa, Mr. and Mrs. Douglas Ford and children of Clyde, Mr. and Mrs. Bennie Dillard, Mrs. Lee Ford, Mr. and Mrs. Bill Ford, Mr. and Mrs. Dave Ford and children, Mrs. Herrington, Mr. and Mrs. Rex Jones and Sheri, all of Abilene, Mr. and Mrs. H. L. Ford and Diane, Mr. and Mrs. Joe E. Ford, Gary and Jan, all of Hamlin.

Mr. and Mrs. Bob Hunter and Heather of El Centro, Calif., visited with her parents, Mr. and Mrs. Bobby Crowley, during Christmas. They were joined here for several days by his father, Dudley Hunter and Mrs. Hunter of Marble Falls.
